Supplemental Calendar Item 31 (1 page)

31.

APPROVAL OF DRILLING SCHEDULE FOR WELL A-663-I TO BE DRILLED IN NOVEMBER 1966 FROM ISLAND "A", 1966 PLAN OF DEVELOPMENT AND OPERATIONS AND BUDGET, LONG BEACH UNIT, WILMINGTON OIL FIELD, LOS ANGELES COUNTY - W.O. 5200.301.

The City of Long Beach and the State, pursuant to the provisions of Section 5(g), Ch. 138/1964, 1st E.S., have mutually agreed to the drilling schedule for Well A-663-I to be drilled in November 1966 from Island "A" for the 1966 Plan of Development and Operations and Budget, Long Beach Unit.

The Commission, at its meeting of September 26, 1966, approved the drilling schedule for the fourth quarter of 1966, with the understanding that approval of additional Island "A" wells would be requested at a later date. Exhibit B-4, attached, sets forth the surface and bottom-hole location, drilling schedule, injection rate, and range of injection pressures for proposed Well A-663-I.

Review by the Commission's staff of the proposed bottom-hole location indicates that it will provide a desirable reservoir location for injection of water and that the drilling schedule will provide continuing orderly and aggressive development of the Long Beach Unit.

The Executive Officer, by letter dated November 7, 1966, consented to the request for approval of the drilling schedule for well A-663-I, to be drilled during November 1966 from Island "A", attached hereto as Exhibit B-4.

IT IS RECOMMENDED THAT THE COMMISSION APPROVE THE ACTION BY THE EXECUTIVE OFFICER, PURSUANT TO SECTION 5(g), CH. 138/1964, 1ST E.S., CONSENTING TO THE DRILLING SCHEDULE FOR WELL A-663-I, TO BE DRILLED IN NOVEMBER 1966 FROM ISLAND "A", FOR THE 1966 PLAN OF DEVELOPMENT AND OPERATIONS AND BUDGET, LONG BEACH UNIT.
